

South Florida FAASTeam presents:

Owner Performed Maintenance. What a non-licensed mechanic is legally allowed to do.

Own your own aircraft? Who has the authority to perform regular service and maintenance, ground an aircraft or return it to service? This seminar will cover what you items as an owner you may perform, including a review of tips to keep your aircraft engine and airframe running at their peak.

We will discuss items that are practical in everyday operations but are seldom reviewed.

Light Sport included.

Our sponsors are offering a FREE pancake with sausage breakfast to all attendees from 10 am to Noon! The class will be held at 12:00 pm (Noon) to allow participants and guests to spend the rest of the afternoon trekking / exploring the area. Overnight underwing Dry Camping permitted \$12.

Directions: Fly into Everglades City Airpark or by car follow the signs South from US 41 on County Road 29 (3.2 miles) then turn right on Begonia Street (.2 mi.) Continue onto Copeland Avenue (.6 mi). Cross through the round about then continue on Copeland Avenue (.5 mi.) Turn right onto Airpark Road (.2 mi).

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
